

Accommodation and Meals

The UFS Schneefernerhaus is neither a hotel nor a restaurant. There are 40 beds for scientists and visitors and a kitchen which may be used by guests who stay overnight. Everyone who uses this kitchen is asked to keep it clean and tidy. Food has to be brought to the UFS by the guests themselves. **There is no cafeteria** or the like at the station. During operation times of the cable car (usually 8:00 – 15:00) it is possible to visit the restaurant "SonnAlpin" in the ski resort Zugspitzplatt. For a discount on meals at SonnAlpin please contact the UFS office.
